**Sub: BUNCHING OF ELECTRIC CABLES IN THE BAZAR**

This is with reference to the activity, bunching of electric cables in the Bazar. The aforementioned activity is in progress in the Goal Mandi market, Moti bazar and Noor din bazar. During the visit, it was observed that the bunching of cables is in progress without approved drawings. The aesthetic look and finishing of the bunching is very poor and does not meet the intended purpose. The site pictures are attached as Annexures.

You are requested to please concentrate on this for a reasonable solution and don't further allow the bunching of cables without drawings.
