Subject: Formal Notice Regarding Halting of Construction Activities.

We wish to bring to your attention a matter of significant concern regarding the construction at the subject project site. As of 12:30 hrs. on 27th December 2023, it has come to our notice that your site staff has willfully ceased construction activities without prior notification or valid justification.

We would appreciate it if you could refer to the contract clause that entitles your team to take such action. We consider this abrupt stoppage of work as a gross violation of the contractual agreement. It is important to emphasize that any disruption and delays in the implementation of the project due to this cessation of work will be considered at your risk and cost as outlined in the contract.

We expect your prompt attention to this matter and a detailed response specifying the relevant contractual provisions that permit such actions.

Your Sincerely
