No. CEQ/WSSCA/023/91/6

25/08/2023

To,

The Engineer/Resident Engineer  
Project Management and Construction Supervision Consultant,  
Khyber Pakhtunkhwa Cities Improvement Project,  
Abbottabad

Subject: KHYBER PUKHTUNKHAWA CITY IMPROVEMENT PROJECT (KPCIP)  
LOT 1; WATER SUPPLY DISTRIBUTION & NETWORKING SYSTEM

PROPOSED FLEXIBLE ROUTE FOR LESS ENGAGING KKH / NHA IN WATER SUPPLY  
NETWORKING

As it has been concluded from a scores of meetings with National Highway Authority that the presently proposed route for Water Supply Networking cannot be applied because of various on- ground holdbacks and confined SOPs of the NHA. This matter has been periodically communicated to PMCSO upon every update.

WSSCA/CIU has comprehensively explored the options and putting forward a pipeline networking by less engaging the KKH, especially keeping out the congested segments and road crossings.

Please note that this suggested route is just an aim to assist the PMCSO for conceptualizing another option. The PMCSO design team is expected to run the hydraulic design for computation and further assessment/coverage of the route.

  
Chief Executive Officer

Water and Sanitation Services Company,  
Abbottabad

Copy Forwarded to;

1. The Project Director (KP-CIP) – PMU Peshawar
