Dear Sir,

In connection with the JV contractor letter mentioned above, I am composing this letter to communicate that the contractor intends to install Meter Boxes. However, they are currently encountering challenges posed by the proprietors of the shops and elected presidents of the local bazaar. The JV contractor has already built foundations for the meter boxes in various locations, but these foundations have been dismantled by the locals.

Hence, I kindly request that you promptly address this situation by taking the necessary measures to secure the designated locations from the influence of the TMA and elected presidents. Your immediate intervention would be greatly appreciated.

Your Sincerely,

  
**Engr. Muhammad Shoaib**
