Subject: Request for Prior Approval Pertaining to Construction of Plum Concrete R/wall on Left Side of WTP Structures.

I am writing to bring to your attention a crucial matter regarding the construction of subject R/wall. It has come to our attention that the construction of a plum concrete R/wall is essential for the strengthening of the WTP structures. Regrettably, this work was not initially included in the project scope, necessitating a variation order. As per sub-clause 3.1 B(2) of GCC/PCC, we are obligated to seek your prior approval before commencing with the construction.

In view of above, we kindly request your prompt consideration & approval for the proposed variation order. We appreciate your attention to this request & look forward to receiving your approval at your earliest convenience.

Your Sincerely

Engr. Said Afsar
