Subject: Request for performing Quarterly Environmental Quality Monitoring Test pursuant to sub clause 4.18 GCC/PCC.

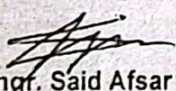

With reference to the subject above, I am writing this letter to bring your attention to the importance of conducting quarterly environmental quality monitoring tests for the subject project. These tests are essential in identifying any potential negative effects and enabling us to take immediate action to address them. By conducting these tests regularly, we ensure compliance with environmental regulations and minimize harm to the surrounding ecosystem. The deadline for conducting the environmental quality monitoring tests for the current quarter is November 17, 2023.

I kindly request that you arrange for an accredited laboratory approved by KPK-EPA to perform the following quarterly environmental quality monitoring tests:

- Monitoring of Air Quality
- Monitoring of Drinking Water Quality
- Monitoring of Surface Water Quality
- Monitoring of Noise Levels

To ensure the accuracy and impartiality of the monitoring tests, it is highly recommended that JV contractor engage a KPK-EPA-approved laboratory. I sincerely appreciate your prompt attention to this matter.

Your Sincerely,

Engr. Said Afsar

The Engineer/Resident Engineer
Water Supply System (Abbottabad)
