**Subject: BUNCHING OF ELECTRIC CABLES IN THE BAZAR**

This is with reference to the letter Ref: No. CEO/WSSCA/023/0837 dated 12/07/2023 regarding Bunching of electric cables in the bazar. The bunching of cables in the bazar is in progress under NSI item of the BoQ as, "Supply and erection of 2-4 armored Non armored PVC/PVC Copper conductor 600/1000 volt grid cable with copper thimbles of appropriate size all punching both sides, identification tags and nut bolt brands Pakistan, Allied, Pioneer cables Payment shall be paid actual length installed at site complete in all respects as per instruction of Engineer in Charge".

The bunching of the cables done so far in the bazar do not meet the activity details as mentioned in the BoQ. The cables are being bunched in a non-engineered fashion and clipped instead of bunching with Identification tags and nut and bolts as mentioned in the specification. Also, the brand of cables installed so far is "Zhongli" which is contrary to the brands specified in the BOQ Item.

Further to that, the multiple cables are being clipped as bunching activity while the payment of this item/activity has been paid in IPC-01 in each meters for each cable.

MCSC is requested to rectify the ongoing practice of the bunching of cables item in light of the item specification mentioned in the BOQ, please.
