Date: 22<sup>nd</sup> March 2024

To

The Tehsil Municipal Officer,  
TMA, Abbottabad.

**SUBJECT: Request for Utilizing Shimla Hill Park Track for Construction of 200,000 Gallons Surface Reservoir # 8.**

This is in reference to Resident Engineer PMCSC Abbottabad letter No. KPCIP/PMCSC/RE-ATD/CW-02/LOT-1/072 shared on 22<sup>nd</sup> March 2024, requesting for entering and utilizing Shimla Hill track for construction of 200,000 Gallons Surface reservoirs. NOC for utilization of land for this tank construction has already been issued by TMA Abbottabad.

It is pertinent to mention that any damage to Shimla Park (slate stone/tuff tiles track) during construction will be reinstated and brought to the original condition as per contract document. However, widening of access for reaching to the surface reservoir n0 8 (Shimla Hill) is responsibility of contractor and he is required to construct the access on need basis.

You are therefore requested to allow the contractor to enter the park and use track for construction of surface reservoir in best interest of Project.

**Chief Engineer**  
City Implementation Unit (CIU)  
Abbottabad

The Chief Engineer/Focal Person  
Water and Sanitation Services Company  
Abbottabad

**Project:** KHYBER PAKHTUNKHWA CITIES IMPROVEMENT PROJECT (KPCIP); OCB-KPCIP-CW-2: PROCUREMENT OF WORKS FOR IMPROVEMENT / CONSTRUCTION OF WATER SUPPLY SYSTEM: Lot-1: Rehabilitation and Upgradation of Water Supply Connected to the WTP with SCADA in Abbottabad including: A. Rehabilitation or Provision of Water Storage Reservoirs; B. New Distribution Network; C. Intake Structure Including Transmission Main and Associated Structures

**Subject:** Request for Utilizing Shimla Hill Park Track for Construction of 200,000 gallons Surface Reservoir # 8.

**Reference:** 1. ZKB-T. T Sh. INSAAT(JV)KPCIP/LOT-1/ATD /LGE&RDD/2024/088  
Dated: 20<sup>th</sup> March 2024

With reference to above letter the contractor needs permission for entering into existing Shimla Park for starting construction activities on surface reservoir no.8. Any damage to the existing park i.e. damages to slate stone track/ tuff tiles track will be reinstated & brought to the original condition as per contract document. However, widening of access for reaching to the surface reservoir no. 8 is responsibility of the contractor & he is required to construct the access on need basis.

Please authorize a representative for allowing the contractor to enter into the park area.

Your Sincerely,

**Engr. Said Afsar**  
The Engineer/Resident Engineer  
Water Supply System (Abbottabad)  
PMCSC-KPCIP

**Project:** KPCIP: OCB/KPCIP/CW-02: Procurement of Works for Improv. /Constr. of Water Supply System LOT-1 Abbottabad: REHABILITATION AND UPGRADATION OF WATER SUPPLY SYSTEM CONNECTED TO WTP WITH SCADA INCLUDING: (A) Rehabilitation or Provision of Water Storage Reservoirs, (B) New Distribution Network, (C) Intake Structure including Transmission Main and Associated Structures

**Subject:** REQUEST FOR UTILIZING SHIMLA HILL PARK TRACK FOR CONSTRUCTION OF 200,000 GALLONS SURFACE RESERVOIR (# 8)

Ref: i) Our Letter No. ZKB-T.T.Sh. INSAAT (JV)/KPCIP/LOT-1/082 Dated: 18<sup>th</sup> March, 2024

Dear Sir,

In reference to the subject and our reference letter cited above, the JV-Contractor is writing to bring attention a critical issue affecting the commencement of construction for Tank #08 at Shimla Hill. On behalf of IFC drawing # CEC-WS-ABT-1258,1259,9251,1260 issued on 11 March 2024, it is requested that commencement of the said work is effective immediately. However, absence of suitable access to the site is hindering our ability to initiate construction work efficiently. It is requested to kindly coordinate with the concerned department for authorization to use the Shimla Hill Park track, as outlined in the plan attached herewith as **Annexure-A**. The details of the track/s for transportation of machinery and material are as follows: -

1. Slate Stone Track (starting from the parking area) = 149 Meters
2. Tuff Tiles Track (Next to Slate Stone Area) = 120 Meters
3. 3.5-meter-wide expansion of existing (1 meter wide) Hill Track = 133 Meters

It is explicitly stated that no trees shall be harmed during the clearing or grading of the hill track.

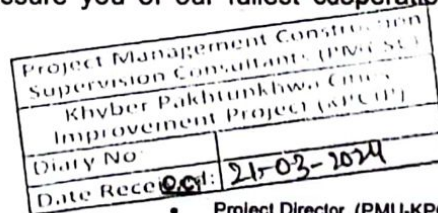

Thank you for your cooperation. We assure you of our fullest cooperation throughout the project implementation.

With best regards,

  
**Authorized Representative**
