Procurement of Works for improvements/Construction of Water Supply System:  
LOT-2: Rehabilitation and upgradation of Water Supply to WTP with SCADA in  
Abbottabad Including New Water Treatment Plant, Abbottabad.

**Subject:** Submission of Plot Details for Excavated Material Dumping from WTP Site.

**Reference:** 1. Your Letter No: ZKB-T.T Sh. INSAAT(JV).KPCIP/LOT-2.Abbottabad/LGE&RDD/SH-INSAAAT(JV)  
24/155 Dated: 6<sup>th</sup> January 2024

With reference to your above letter, a site visit was conducted with your DPM to the Plot for dumping of excavated material from Water treatment plant. It was noticed that there are pine trees at the toe of the plot where excavated material is to be dumped. We have no objection to the dumping of excavated material in the plot shown in the attached agreement with the condition that the trees are to be protected during dumping of material.

Your Sincerely,

  
**Engr. Said Afsar**

**Subject:** SUBMISSION OF PLOT DETAILS FOR EXCAVATED MATERIAL DUMPING FROM WTP SITE

Ref. No. (i) ZKB-T.T.Sh. INSAAT (JV).KPCIP/LOT-2.ATD/LGE&RDD/23/55, dated Oct 04, 23

Dear Sir,

1. In reference to the subject matter cited above, the JV-Contractor has mobilized their machinery and manpower for the execution of works at site and the excavation work is in full swing. Previously, the JV-Contractor was dumping the excavated material on the designated site, vide our letter referred to above at enumeration (i).

2. The JV contractor has finalized another suitable Plot/land nearest to the Project camp for dumping/piling of excavated material from the site. The details of the plot are as follows: -

- Name of the Owner of the Land : Zakak Ur Rehman
- Coordinates : N: 34.140220, E: 73.2486686

3. Further to this, we have also signed an Agreement/NOC with the land Owner for dumping of excavated material. The agreement and Google Earth images are attached as **Annexure-A** for your reference.

4. Therefore, considering the above, your positive and early response regarding the approval of the Land is requested to initiate the dumping of excavated material, as the material is getting piled up at the WTP site.
