With reference to the above correspondence, we are writing to bring to your attention a crucial matter related to our water supply system. In original design we identified two water sources for our water supply, one of which is located in Phalkot. Unfortunately, we have encountered an unforeseen obstacle as the PHED has connected the Phalkot water source to their system. Understanding the importance of Water Supply and need for collaboration between organizations, we kindly request your assistance in obtaining permission from the PHED to allow us to access water from the nearby Phalkot source for our system.

We appreciate your time & attention to this matter. Please feel free to contact us for any additional information required.

Yours Sincerely,

Engr. Said Afsar
